Description

Eponet Go combines electric mobility and time tracking in a single app.

Find available charging points, start and pay for your charging process directly via your smartphone – and record your working hours flexibly and securely at the same time.

Features

- Find charging points: Clear map view with all available stations.
- Charge & pay: Start, stop and pay conveniently via app or RFID card.
- RFID integration: add existing cards or create virtual cards.
- Time tracking: Track working hours manually, via QR code or NFC.
- Account management: Easily create and manage company and employee profiles.
- Secure login: Log in with Face ID, fingerprint or passkey – no password required.

Whether for private users or businesses – Eponet Go makes e-mobility and work time tracking simple, flexible and efficient.
