Integration of Mennekes AC charging station into the Eponet portal

These instructions are step 3 for connecting a Mennekes AC charging station to the Eponet portal.

Step 1 can be found at this link: Basic instructions for integrating charging stations

526931_Mennekes_Ladestation_Amtron_Compact_3_711_C2_f

> Mennekes software
> versions At least software version xxx is required.

Enter the IP address of the charging station in the address bar of your browser and log in with the user name and password provided in the accompanying documents.

The following settings will then open.
Configure everything as shown in the images.

> The "ChargePointID" corresponds to the serial number of the charging station and must be unique.

Then save the settings and restart the charging station.
This should bring the charging station online on the Eponet portal.

Checklist:

- Software checked / latest version?
- Internet configured / online?
- OCPP server: Eponet link set up and charging station online on the Eponet portal?

Now continue with step 4.
